	Technical Design Challenge		Technical Sketching & Application
	Technology Bowl Challenge		Technology Bowl
			Technology Problem Solving
			Transportation Modeling*
<p><b>Indicate the number of students or teams (where applicable) participating in each event.</b></p> <p><b>Advisors will be assigned to judge one event. If you have a preference, mark your 1<sup>st</sup> and 2<sup>nd</sup> choices.</b></p>		<p><b>* Students prepare entries prior to the conference. No on-site construction of entries will occur.</b></p>	

There is a limit of two entries per school for each CAD event. We have AutoCAD 2007. If you use a different program, you may bring your own computer. There is a one team per school limit for both Problem Solving events and for Tech Bowl (HS), unless prior approval by the conference coordinator has been granted. For all other events, there is a three-entries per school limit.

**Please return this form, a list of expected student participants and their events, and a \$7.00 per student entry fee (checks payable to "ASU-TECA") to:**

Marie Hoepfl  
 Appalachian State University  
 Department of Technology  
 Boone, NC 28608

**IMPORTANT NOTICE:** Although we will accept registrations on the day of the conference, **we will only guarantee spaces in space-limited events for those students who have pre-registered.** Please attach a list of names of students who plan to attend, and indicate whether the student is male or female. A completed medical release and personal liability form for each student must be turned in on the day of the event.
