

COURSE DESIGN GUIDELINES – FINE ARTS DESIGNATION

Courses that meet the Fine Arts requirement:

1. Develop students' interpretive skills and aesthetic discernment by closely examining individual works of art;
2. Analyze the relationship between specific works of art and their historical, cultural, and/or artistic contexts;
3. Analyze the structural components and composition of various works of art;
4. Examine the creative process as exemplified by the distinct processes of various artists;
5. Require students to create artistic products and/or attend live performances or visual art exhibitions.
