

SPE4705 –
Case Study Assignment

Look at the site <http://cases.coedu.usf.edu/default.htm> and find your assigned case. In your group, respond to both sets of questions which follow the case (discussion/study and additional questions). You should hand in a typed, double-spaced paper addressing these questions. Be sure that each group member's name is on the assignment. Group members are responsible for making sure each person contributes to the responses, and each individual is responsible for making sure that they contribute to the responses.

You will be graded (25 points) on the following aspects:

- Use of resources outside the case itself to form your responses (e.g., refer to information from class, the textbook, your experience, etc.). I am serious about this. (10 points)
- Complete answers to all questions. Include reasons, evidence, etc. (10 points)
- Well-written responses (grammar, spelling, etc.). Write like you're a senior in college! (5 points)

There will be groups of two to three people. You will have a different case for the second assignment.

Group 1: He's Just a Goofy Guy
Group 2: How Far Should We Go?
Group 3: The Woman with No Mirrors
Group 4: Devoted to All
Group 5: Diploma For What
Group 6: Bootcamp
Group 7: Get This Child Out of My Room
